

DRY ICE BLASTING GUNS, NOZZLES AND ACCESSORIES

DRY ICE BLASTING GUNS

IB15GA01
Commando® 40 PRO &
75 Blast Gun
IB15GA01-1
Commando® 40 Blast Gun

IB10GA01
Commando® 55
Blast Gun

IB20GAXP
Commando® XP
Precision Blast Gun
3/8" through-put for
precision nozzles

IB20GAXP-HD
Commando® XP
HD Blast Gun
1/2" through-put for
aggressive blasting

BLASTING NOZZLES *All nozzles feature aluminum construction unless otherwise noted*

| PART # | DESCRIPTION & RECOMMENDED APPLICATIONS | AGGRESSIVENESS | GUN COMPATIBILITY |
|----------|--|----------------|---|
| IB10G134 |  5" Long Round Nozzle <ul style="list-style-type: none"> ■ Ideal for tight areas with a zero-degree delivery to a small pinpoint ■ Narrow focus to prevent damage to sensitive surroundings ■ Popular for cleaning electronics, around limit switches on fixtures, tight areas in smoke and mold applications and many more ■ Use with fragmentation device for light surface cleaning without damaging the substrate | Low to Medium | IB15GA01 IB15GA01-1 IB10GA01 |
| IBN003 |  12" Long X 1" Wide Fan Nozzle <ul style="list-style-type: none"> ■ Multi-purpose nozzle compatible with almost any application. Included with every new machine except the XP model. ■ It can be very aggressive with shop air supply and or may be dialed down to provide lighter cleaning on more delicate surfaces and lighter contamination. ■ Excellent for restoration, manufacturing, welding fixtures and most contamination found in industrial applications. | Low to High | IB15GA01 IB15GA01-1 IB10GA01 |
| IBN009 |  12" Long x 3" Wide Fan Nozzle <ul style="list-style-type: none"> ■ Designed for faster cleaning of light contamination. ■ Operates in the same range as the 1" fan nozzle, but spreads the impact over 3 inches for time-saving cleaning in many applications. ■ Outstanding nozzle for mold, light smoke and general industrial contamination without requiring too much air. | Low to Medium | IB15GA01 IB15GA01-1 IB10GA01 |

BLASTING NOZZLES All nozzles feature aluminum construction unless otherwise noted

| PART # | DESCRIPTION & RECOMMENDED APPLICATIONS | AGGRESSIVENESS | GUN COMPATIBILITY |
|----------|---|-----------------|---|
| IB10G40 |  <p>24" Long x 1" Wide Aggressive Nozzle – AKA “The Howitzer”</p> <ul style="list-style-type: none"> Best performing and most aggressive nozzle on the market, engineered for fast & effective cleaning Paint? Carbon? Stuck down “gunk”? If it’s hard to remove, this is the nozzle to use! For heavy duty applications where air consumption is not a concern. Choose this nozzle for cleaning that requires maximum blasting power! | High to Extreme | IB15GA01 IB15GA01-1 IB10GA01 |
| IBNMCBB |  <p>14" Long HD Blast Barrel w/3 chokes – AKA “The Thumper”</p> <ul style="list-style-type: none"> This nozzle can ramp up or down with your needs or air supply. Comes with 3 chokes to moderate ice and air flow characteristics. The cylinder choke is the most aggressive – nearly as powerful as the Howitzer Nozzle The full choke is often used in radiator cleaning in conjunction with the pellet fragmenter. Allows pinpoint lower flows for softer cleaning without damage. The open choke configuration is excellent for taking off coatings and build-up | Low to High | IB15GA01 IB15GA01-1 IB10GA01 |
| IBN045 |  <p>45° Special Fan Nozzle</p> <ul style="list-style-type: none"> Ideal for cleaning angled surfaces, hard to reach areas or where there is limited access for the operator to clean Extension tubes may be added is additional reach is required | Medium | IB15GA01 IB15GA01-1 IB10GA01 |
| IBN090 |  <p>90° Special Fan Nozzle</p> <ul style="list-style-type: none"> Easy cleaning around corners while staying out of the immediate blast area Excellent nozzle for cleaning clamshell molds in-place Extension tubes may be added is additional reach is required | Medium | IB15GA01 IB15GA01-1 IB10GA01 |
| IBNPC004 |  <p>6" x 1" Fan Nozzle, 1/2" porting</p> <ul style="list-style-type: none"> Designed for use with Commando XP model or for lighter applications with our blasters Offers a blend of mild aggression with full pellet blasting or a softer touch with shattered pellets. May be utilized with smaller air supply lines (min. 1/2"). Great for plastic molds or speed cleaning of less sensitive areas | Medium | IB20GAXP IB20GAXP-HD <i>Fits other blasting guns with adapter</i> |
| IBNPC005 |  <p>7" x 1 3/8" Fan Nozzle, 1/2" porting</p> <ul style="list-style-type: none"> Wider version of 6" nozzle, with higher flow/spread | Medium | IB20GAXP IB20GAXP-HD <i>Fits other blasting guns with adapter</i> |

BLASTING NOZZLES All nozzles feature Aluminum Construction unless otherwise noted

| PART # | DESCRIPTION & RECOMMENDED APPLICATIONS | AGGRESSIVENESS | GUN COMPATIBILITY |
|----------|--|--|---|
| IBNPC001 |  6" Precision Nozzle - White, Low Flow <small>HD Plastic Construction</small> <ul style="list-style-type: none"> Specifically designed for use with the Commando® XP model or as a nozzle for precision cleaning with our regular blasters (requires adapter) Light flow for cleaning the most delicate surfaces Designed to be used with shattered ice, for effortless cleaning of cracks, crevices and hard to clean areas that regular pellets won't reach | Delicate Only | IB20GAXP IB20GAXP-HD <i>Fits other blasting guns with adapter</i> |
| IBNPC002 |  6" Precision Nozzle - Blue, Medium Flow <small>HD Plastic Construction</small> <ul style="list-style-type: none"> Medium flow precision nozzle for cleaning delicate surfaces and hard to reach areas | Delicate to Low | IB20GAXP IB20GAXP-HD <i>Fits other blasting guns with adapter</i> |
| IBNPC003 |  6" Precision Nozzle - Black, High Flow <small>HD Plastic Construction</small> <ul style="list-style-type: none"> High flow precision nozzle for cleaning semi-delicate surfaces and hard to reach areas | Low to Medium | IB20GAXP IB20GAXP-HD <i>Fits other blasting guns with adapter</i> |
| IBFN007 |  Pellet Fragmenter AKA "The Grenade" <ul style="list-style-type: none"> Shatters dry ice pellets for cleaning more delicate surfaces without causing damage Available in 2 configurations that allow it to be mounted to the blaster or the blast gun Ideal when heavier feed rates are required without clogging of hose freezing Easily adjustable for all sizes of ice particles on the fly at the gun! | Reduces aggressiveness with any nozzle | Compatible with all machines, included with Commando® XP model |

Blasting Gun Kits

| | | | |
|---------|--|--------|---|
| XPACC02 | Medium Flow Nozzle Kit (for Commando® XP)  IB20GAXP-HD Commando XP HD Blast Gun 1/2" through-put for aggressive blasting  IBNPC004 6" x 1" Fan Nozzle  IBNPC005 7" x 1 3/8" Fan Nozzle  IB21GH5015 15' x 1/2" Blast Hose Assembly | Medium | Compatible with Commando® XP model |
